

# SPACE RACE 5K RUN

30 years ago, our nation witnessed an event that could have ended only in disaster.

For the families of the Challenger 51-L Crew and first Teacher in Space Christa McAuliffe, a national tragedy initiated an educational network of learning centers that continue a mission to inspire the next generation of explorers. Our partnerships with local educators is 17 years strong with over **250,000 northwest Indiana students** engaged through our innovative programming.

We invite YOU to help us continue the mission...
