

# Answer Quickly

## Teachers Information:

- Divide the students into groups of 3 or 4
- Pass out 1 activity sheet to each group
- Tell the students that they will be timed and given 4 minutes for this activity (the time can be adjusted depending on your class)
- When you say go, groups should flip their paper and fill in the blanks as quickly as possible
- When you say that the time is up, students should flip over their paper, answers facing down
- Next, have the students swap papers with another team and score together as a class
- Reward the team as you see fit 

## Extensions:

- Have the students complete this activity individually
- Have the students only write answers that start with a specific group of letters (example: They can only use letters of their initials or they can only use the first 3 letters that begin their birthday month, etc....)
- Have the students scramble around the room & fill out their chart by getting one answer by everyone in their class. The first student to come up to you with 1 answer filled out by every student in the class wins! (If there are 20 students in your class, the goal would be to get 20 boxes filled out first.)

# Answer Quickly

Work together as a **TEAM** to complete the chart below!

<b>3 things with a nice smell</b>			
<b>3 things that are fragile</b>			
<b>3 things that you use only once</b>			
<b>3 things that can tire you</b>			
<b>3 unpleasant things</b>			
<b>3 desserts</b>			
<b>3 yellow things</b>			
<b>3 things you can drink</b>			
<b>3 things that can be very loud</b>			
<b>3 stores you shop at</b>			
<b>3 summer activities</b>			
<b>3 animals or bugs</b>
